

New Product Launch: Microlit Pipette

Embark on a new era of precision and performance with the grand launch of Microlit Pipettes. Elevate your lab experience and redefine your scientific journey.

Contact our sales representative to get a free trial!

- ✓ With quick in-lab self-calibration features, hence saving costs on pipette calibration services.
- ✓ The most ergonomic and lightweight pipette in the market.
- ✓ Pipette design with no grooves and serrations - easy to clean and reduces the risk of cross-contamination.
- ✓ Able to fit with all universal pipette tip brands.
